

"Mary was a wonderful presenter in the way she made complex ideas of board work easy to understand. We have gained greater clarity of our board's role and a more focused investment in community advocacy and leadership."

~~ Ray Cancino, CEO

"I liked feeling coached by Mary as she spoke and how she "read" the room and framed things. She has a way of asking questions that caused us all to dig deeper, reflect, and grow."

~~ Keri Butvekich, CEO

"Mary's presentation was very impactful. For a board that usually bolts when the meeting is adjourned, everyone stayed well past that to discuss some of the thought provoking points she made."

~~ David Lang, Board Chair

Mary's Most Requested Topic:

3 Keys to Unleash the Full Potential of Your Nonprofit Board

- Understand the 5 ways that nonprofit boards really matter.
- Create a strong partnership between the board and the executive.
- Learn the 4 key roles the board must play to get its job done and attract more resources.

Mary Hiland, Ph.D., brings over 40 years of experience to nonprofit leaders to create a paradigm shift about how to develop an informed and inspired board that is truly an asset. Her mission is to help nonprofits ignite and unleash the potential of the board, getting rid of the mindset that a board is a burden. Her deep expertise and hands-on experience bring credibility and confidence to nonprofit leaders who know she understands because she's "been there".
